Near (Star Colors)

I don't know where you are
We're so near you can't be far
This plane's coming in low
Colors…
Where do they go?

Home soon & when we lay
We'll be needles in the hay
Watching branches dance & sway
We'll kiss the night away

Against its black and grey
'Til light breaks the day
Home soon & then we'll we lay
You're my needle in the hay

You're my star
Shining
